A while later, Gothi appeared on the stairs, and everyone jumped up, asking many questions.

"So he is ok? Why are there scales?!" they all asked.

Gothi started writing on the floor.

"Uhhh, she says he is ok, but the scales; she hasn't seen anything similar," said Gobber.

"Yes, but why does he have scales? Only reptiles have scales!" said Astrid.

Gothi started write on the floor again.

"Uhh, she said that is correct, but his blood is..uhhh... is this correct?" asked Gobber.

Gothi agreed.

"WHAT IS?!" Stoick said.

"She said something about his blood. His blood is different, very different, because its cold but hot at the same time, and is more dark" said Gobber.

"WHAT DOES THIS MEAN?!" all asked.

"Uhh, she said 'his blood isn't is completely human. One part is human, but the other part is..'"Gobber stopped.

"WHAT?!" all screamed.

"She said, one part of Hiccup's blood is human, and the other part is... dragon blood..." said Gobber.

All looked for Gothi, who nodded.

"Dragon blood...? This is impossible" said Fishlegs.

Gothi was about to write something when a big roar is heard in Hiccup's room, but not from Toothless, who was outside.

"HICCUP!" Everyone screamed and charged into Hiccup's room. They didn't believe what they were seeing.

Hiccup was in the ground, holding his hair. He was screaming, but not human screams. They were DRAGON screams.

He curled into himself when two big black wings appeared on his back, while a long black tail with two tail fins and ears, like Toothless's ears, appeared in the top of his head.

Hiccup was panting by the time the 'transformation' finished.

Hiccup's eyes opened and he looked at his new body.

"Hiccup..." Astrid said.

Hiccup looked for the origin of the sound and his normal eyes transformed into dragon eyes. He stood up but lost his balance because of the new weight behind him.

When his balance returned, he looked around and his eyes went to the window.

"HICCUP NO!" They all shouted.

It was too late. Hiccup jumped through the window and went outside into the forest.

pov Toothless

I heard Hiccup scream and I saw him jump out of the window.

WAIT HE HAS WINGS?!

I ran after him, but he was too fast for me. Why? I've always been too fast for him.

I runned so much, but I was forced to stop when my legs didn't can run more and I fall to the ground

"HICCUP!" the gang and Stoick and Gobber screamed into the forest.

"Hiccup where are you?" Astrid asked herself.

" Wow, it is so strange, I LOVE IT!" said Ruffnut.

"Me too! IMAGINE, HICCUP THE DRAGON, THE DESTROYER OF VILAGES!" said Tuffnut.

"I can't imagine what happened here, I really can't..." said Fishlegs.

Astrid was looking when she found a familiar figure with black scales.

"TOOTHLESS!" she screamed.

She went to Toothless's side and noticed he was panting.

"You ranto try to catch up to Hiccup, right?" Astrid asked.

Toothless purred in agreement.

"oh Toothless..."

pov Hiccup

I ran, ran to the other side of the isle and leaned on a tree.

What happened to me? I'm a monster...

Not much time later I slept. I was so tired.

Two dragons ate on their way to Berk to search for riders. There was a female purple Deadly Nadder with details in white, and a male dark green Monstrous Nightmare with details in purple.

"Wow! There is the famous Berk! I can't wait to have a rider!" said the Nadder.

"Yeah me too! But I swear he isn't going to be stupid," said the Nightmare.

"What is this, this smell?It's like blood, but different," said the Nadder.

"Yeah, let's see where it's coming from," said the Nightmare.

The two dragons landed, and found Hiccup.

"Wait, he is.." the Nightmare said.

"Yeah, it's him!" said the Nadder. "We need bring him to the king now!"
